# Gym & Spa at Streatley

**Bootcamp** A fun outdoor workout using functional exercises and equipment for a full body workout for all fitness levels. This class takes place outdoors - whatever the weather!

**Boxercise/Early Bird Boxing for Fitness** Enjoy the fitness benefits of boxing without the fight! An effective form of cross training; combining aerobic and anaerobic exercise, hand-eye co-ordination & balance. Working in pairs with pads and gloves, fun and fast paced session.

**HIIT** High Intensity Interval Training Using range of gym equipment, free weights and body weight for a total body workout.

**Nordic Walking** On the first Tuesday of every month, we meet at the gym for an hour's walk. Nordic Walking is a great cardio sport, working upper & lower body. Poles provided

**Pilates** A low impact class which will improve balance, co-ordination and lengthen and strengthen muscles for greater flexibility and tone. An excellent complement to physical activities such as running, cycling and rowing.

**Running Club** Small, friendly running group led by experienced marathon runner and running coach. We will gradually increase the distance to avoid injury and introduce you to some great running routes. Class caters for all levels.

**Suspended Movement** Using suspension equipment fixed to points in the gym or outdoors; you will perform a series of movements working against resistance with your own body weight. A very effective way to gain strength and build muscle without impact.

Classes and instructors may change from time to time to accommodate holidays/absence

**Pure Spin Blast** A great cardio and fat burning session that will improve your strength, stamina and endurance.

**Spin & Tone** 45 min session designed for those who like a challenge. High intensity 30mins on the bike to get the heart pumping, burn fat and tone up, followed by work on the mats to strengthen and tone the core muscles and upper body.

**Soul Spin** We crank up the volume in this fun, challenging session for those who love their music – think disco on a bike! A great cardio and fat burning workout that will improve your strength, stamina and endurance, whilst having fun!

**Flowing Vinyasa Yoga** This session concentrates on breathing and free flowing movement for a dynamic and stimulating yoga experience. The concentration required to complete the progressive routine means all other thoughts are banished for the duration of the session.

**Hatha Yoga** Improves strength, flexibility and co-ordination whilst calming the mind. Precision, posture and focus are emphasised to restore harmony to the body. Enjoy this class in the soothing surroundings of our riverside studio.

**Relaxed Yoga** is a fantastic end-of-day class, aimed at quietening and soothing the mind whilst relaxing the body. Good for stability and flexibility, suitable for all levels.

**Saturday afternoon - Teen Fit\*\*** is not run as a class. It is a session for teenagers aged 14-16 years who wish to use the gym. Parent/s must be a current member and give signed consent. £5 per session, payable through your membership account.
